Opportunity to Comment on Jacks Gulch Fuels Management Project

The Canyon Lakes Ranger District of the Arapaho and Roosevelt National Forest and Pawnee National Grassland is proposing management activities to reduce surface, ladder, and crown fuels in order to re-create conditions more representative of the historic fire regimes through the Jacks Gulch Fuels Management Project. More information about the project proposal can be found on the Forest website at www.fs.usda.gov/rota/arp/jacksgulch. The Jacks Gulch project area is located north of the Comanche Peaks Wilderness; south of the town of Rustic, the Arrowhead Visitor Center, CO State Hwy 14, and Cache La Poudre River corridor; west of the Cache La Poudre Wilderness, Kelly Flats Campground, and Larimer County Road 63E; north of Little Beaver Creek, Beaver Park and Jacks Gulch Campground; and bisected east to west by Crown Point Road. The total project area encompasses 28,095 acres. Kathleen K. Donahue, District Ranger, is the responsible official. This comment period coincides with public scoping and will be the only comment period opportunity offered. This project is subject to the objection process pursuant to 36 CFR 218.
